“ I am both shocked and saddened to learn of Forest's passing. I was Forest and Austin's 8th grade math teacher and Trevor's 6th grade math and science teacher. I enjoyed teaching all three of them. I remember Forest as being a math genius. I was so impressed with his intelligence and the kindness he showed everyone. To his mother, Austin, Trevor and the rest of the family, I am praying that God gives you comfort and peace during this difficult time.

“ I can't believe this . I went to school with forest and have been friends with him for many years and I can say that man has been one of the most loyal friends I've ever known . It seems like yesterday I was at his house shooting my crossbow with him just having a good time and talking about ole times. He would give anyone the shirt off his back. He was a great man and a great father. It won't be the same without you brother. I love you bro ! Fly high and rest in paradise
