“ *Dear Molly:
The first time I met you it was 32 years ago. I'll never forget when you told me "sientate aquí, y hableme." When we got to together we shared beautiful memories, your love for family, children, firends, and life. These moments I will never forget. Until we meet again.

“ Nanny, you were the best grandmother that a child could have asked for. I am thinking of all the fun memories with you and will keep them very close to my heart. You were so strong in life and now I holding onto your strength to get through this. I know that you are in a better place and will no longer be suffering. One day I will see you again in Heaven with all the other angels. I know that you will watch over us and you will visit me in my dreams. You were the only one that would let me dip my donuts in your coffee and leave all my crumbs. Thank you for being a grandmother to all my friends, they loved you so much. You were more than a grandmother but an earth angel as well. I love you nanny, my little lulu!!!!!! I will always love you and have you with me!###imported-begin##Vanessa Nicole###imported-end##
