“ The last thing Tony said to me was "make sure they know I love them". Naming Beverly, Angie, Hollie, Tracy & Todd. But they all do know he loved them. His heart was so full of love.

“ Tony was a great friend and one of the nicest people you could ever meet. We grew up together in Warner Robins. He always smiled and was kind to everyone. I'm glad he was a part of my life.

“ I met Tony in high school. We hung out a few times. He was a really good dude who was easy to talk to. Though we lost touch over the years, his light hearted approach to life left a lasting impression on me. My thoughts are with his friends and loved ones.

“ I don't know where to start. I have a lot I want to say. He was such a big part of my life for to short of a time. Some of my best memories and experiences came from hanging with our group of friends, at the time brothers, where did the time go? For everything though my all time best memory is when he brought us to church after my brothers and I had a party one weekend and basically got caught. He convinced our parents to let him take us to church instead of punishing us and they agreed to our relief. Thinking that we got away with it and thinking it would be business as usual, little did we know that God was going to speak directly to us that night, through the pastor, so much so that, while trying to pick up my jaw off the ground, I turned to Tony and asked him if he had talked to the pastor and Tony, with the same look on his face as we had, shook his head “no” and regardless of what happened after that, the seed was planted. My salvation now lies in what happened then. Thank you Tony for helping to bring us to the father. My condolences to all of the family and friends that were so much a part of our lives for many seasons. I love you all more than you know and I pray that God grants you peace. God bless you all. Ray

“ Tony and I met in seventh grade and eventually graduated high school together. We hung out , fished, and watched movies when there was nothing else to do. We stayed in touch over the years and over that time I never knew anyone that disliked Tony or didn't immediately take to him. His passing makes me sad but I know he is in a much better place.

“ We will greatly miss Tony. He was a good friend to our sons growing up. He was like a son to us. The boys would come over and play Dungeons and Dragons all night. Beverly was like a mom to them when they went to her place. He will always be in our hearts. He is in a good place now. He's free of pain and with God.
