For that, her family will be forever grateful.

“ I too am a Barbara J Bond and at one time I lived in Atlanta. I got many a call from friends of Ms Barbara, old army friends looking for her. I finally looked for her number in the phone book so that I could give it to her friends, most f them calling long distance. I am sorry for your loss, and by the brief conversations I had with her friends, she was well loved and respected. God Bless

“ I met Ms. Bond when I was just a student nurse doing my clinicals out at Green Acres. I grew to enjoy Ms. Bond's company very much so. A couple months later, our paths crossed again at the hospital. At this time we became very good friends. As soon as I graduated Nursing School, I couldn't wait to go back and visit Ms. Bond and let her know how much of an inspiration she was and such a dear friend. I got to visit her a few times and got to take my kids to meet her the Friday before she passed. Today I found out that I passed my boards and the first friend I thought of was Ms. Bond and I couldn't wait to tell her. When I got to Green Acres, my heart broke when I heard of her passing. She was a very dear friend whom I will never forget and I am so priviledged to have gotten the chance to know her.
