“ while I have known Jack for about two years, after talking with him about our Special Forces experiences, I feel like we have been friends for over 50 years. He was part of the role model team that I so admired, and he will be missed. COL Biff Hadden, SF

“ Mr. P has been in my life since I was in third grade. Sixty two years . He was my dad's best friend, they were like brothers from another mother. During his army career our families followed each other and we grew up with his family. I have so many great memories visiting them even when we were not stationed on the same base. The ones he left behind their hearts are hurting. I know he is pain free and now together with the love of his life.
Love you Mr. zap.
