“ *RIP dear cousin. All my love to Liz, Sandy & whole family. I think the one thing I will remember is how Bobby seemed to live life to it's fullest even with all his challenges. He kept moving forward everyday & had so many good & loving people around him to help him along the way. So very sad to have your journey cut short and we will all miss you very much. Love your cousin Gayle*

“ Sorry to hear about Uncle Bob!! If you keep him in your heart, he will always be with you and watching over you. I remember y'all coming to visit sometime after he had his stroke. I remember that it was very hard for me to understand him but he was patient, kind, and understanding. He would repeat himself until I understood what he meant. He never gave up or showed any frustrations and always wanted to hear my stories. May he rest in Peace.

“ "The boy with the most toys!" I have memories all the way back to San Diego then out to the desert, and of course jumping off the roof in the water in Milledgeville. Uncle Bobby had plenty of toys for all of us to play with and enjoy our time together with every visit. I can't think of many times we shared where there were not great memories and adventure. Thanks for life you shared, the love you gave, and the laughs to remember you by. God got a good one this week!

“ *I have only known Uncle Bobby for a little while but the time that I did spend with him was amazing. Laughing at yoy when I drove the helicopter around the house and yoy went bananas thinking I was going to break something. Cozying up with Noah when they first met. And seeing him devoure his filet mignon like it was no ones business because he was so happy to have a steak. I will miss him and I love you both. Let us know if you need anything aunt Liz.*
