“ Until I met you and Frankie I never knew that there could be so much love as you too. You both had the greatest love story and you both instilled it into your family. I have never seen such a bond as you all had. You had nothing but love for each other and for even your friends. I felt the love and am thankful that we were able to share such good times with so many wonderful memories made when the kids were all small. You both introduced us to Indian Springs and from there so many camping trips together. So much fun spending time together. We drifted apart thru the years but you all made a big impact on my heart. Occasionally we would run into each other but the last time Frankie said to me Jo come see us. Of course I said that I would and know regret that I let other things hold me back. So when someone ask you to come see them try to take time out of your busy day to make someone smile because I wish that I would have. I know you both are embracing each other in that beautiful place in Heaven now and I pray that I will see you both again and get that hug. Frankie would hug me and Carl was not going to let me get away without a hug too. you all were so blessed to have such wonderful parents that loved and adored all of you. So sending lots of love, hugs and prayers for peace and comfort in the days ahead.
