“ Oh my goodness! Mrs. Mitchell was the sweetest most caring lady! She and Mr. Mitchell were our neighbors in my childhood home. They were always so helpful and kind. I will always remember her as a wonderful example of what God wants from his children, being a steward and always being there for others. She made an impression on my life and I will never forget Mrs.Mitchell!

“ I had the privilege to care for Carolyn in the last few years of her life. She was so amazingly intelligent and kind. She became family to me. My heart broke a little as she began to decline in health. I know she is in a better place where she can walk with aid and there is no pain. Up until the end she was so upbeat and cheerful. On her last day at Savannah Court before transferring to the hospice house, she asked us for baked beans and bbq and then later that night, chicken wings and salad. I'm happy we were able to provide her with the bbq. There are so many memories I have of this sweet lady, of sitting by her in church and bringing her brownies my aunt made. She will remain in my heart for the rest of my life and I feel richer in spirit for having known her even if only but a short while.

“ Mrs. Mitchell was one of the most selfless and thoughtful people i knew. She never complained, never doubted the plans of our Heavenly Father for her life, and she always had a bright smile on her face. I was a volunteer at Savannah Court all of my Freshman year of college and she became my best friend. I painted her nails, took her shopping, watched Dr. Phil, we laughed and told stories of all the Lord had done in our lives, i helped her eat her favorite foods and drink her diet coke, and most of all i learned so many lessons and gained so much advice from the way she lived her life and carried herself. I will never forget all of the times i was able to spend with her, moments I will forever cherish and hold close to my heart. Heaven has received the most beautiful angel - keep dancing and singing in heaven sweet friend! I love you and can't wait to wrap my arms around you someday 💕🙌🌟
