“ I had the pleasure of working with two of Mrs Catherine's children (Iris and Jimmy) who have made her proud with their work and professional legacy. Although she may not finished school, she surely ensured that they were successful in their chosen fields. I know she was proud . My sincere love and sympathy to the entire family. Bobbie Davidson

“ My Mama was the last of her generation. She didn't finish high school because education wasn't that important in the culture she grew up in but did get her GED later in life. Mama made sure all three of her children went to college and all three excelled collecting 8 degrees among them. We know Mama and Daddy could have done just as well had they been given the opportunities we were given. Mama loved quilting and made 30 quilts giving them away to every family member and many friends. She also had a green thumb and loved the flowers and vegetables she grew. Cooking was a passion of hers and she loved to bake cakes, make pear relish, can and freeze vegetables, and could make anything usually with her own recipes. Most importantly she raised her children to treat others the way they wanted to be treated. Mama is loved by many especially her three children.

*Thanks to you all. Rarely does a day go by that I not only think about Wayne but still mention his name. He was the greatest and best friend I've ever had. There was nothing he wouldn't do to help someone, especially those he counseled. Wayne was a big big man in certain local circles.*
