“ I knew all of Scotty's siblings having myself growing up In Milledhevelle . I worked for a short time at River's State where Scotty did also...82 to 86 ? He told me about a problem he was having with an unidentified something in the attic of his house where he had recently moved...I offered him two cats to put up in the attic. I put the two cats in the back of his Bronco at shift change and forgot to tell him....SCARED THE MESS OUT IF HIM when they jumped in the front seat with him. He took the cats home. Put them in the attic. .closed the attic door and he said you have never heard such a racket in all his life. After it got quiet. He opened the attic door and the two cars burst out and continued on out the front door of his house...He told me..he did not know what was in the attic, but he never saw the cats again. He will be truly missed...RIP SCOTTY. One good man.
