“ I'm so sorry to hear of the recent passing of Bo. We grew up in Hardwick Georgia together as kids and got into everything under the sun. He was always full of whatever it is that kids always run on. I never knew of a day that he wasn't full of life and energy whether we were riding our new bikes over at the church across the street ( I remember when he crashed into the preachers storage shed over there, man was he pissed at us) or playing football at John and Tina's house (we put a many a dents in their trailer pushing one another out of bounds so to speak). We probably got into more than our fair share of trouble as kids but it seemed worth it at the time. It sure built some good childhood memories of what seems like a lifetime ago. My prayers are being said for those he leaves behind. My sincerest condolences to his family.

“ I remember when I first met you! I instantly felt a connection, like we had known each other forever! I came to love you like one of my own children I even worried about you like I did them. I always looked forward to seeing you pull up in the back yard you could always make me laugh and smile no matter what kind of day I was having. You had such a beautiful heart you would do anything to help anyone. I will miss you so much! I still can't believe I'll never see you again. I love you and I'll never forget you. RIP my friend.💔

“ The day I fell in love with him is a day I will never forget. April 10 1994 we said I do and even though things didn't work out forever I denied it for many years verbally but in my heart I always loved him. When he came back in to my life last December he always knew when I was down and out wether we were miles apart he could make me laugh. We lifted each other's spirits. He had become my best friend and I can honestly say the love of my life. Bo I love u and miss u and I will make sure ur memory lives on. Our children love u dearly too. May u r.i.p.
