“ I am so sorry to read of Claudia's passing. I extend my condolences to the entire Fannon family and friends and pray that they will be comforted by Jehovah's words in Isaiah 25:8 where he promises that death will be swallowed up forever.

“ Your my sister your my friend you are my begining and my end you are my sushine on a cloudy day I love you to the moon and back. You always tried to help everyone you could, mothering those who needed it and being a great friend to others. You raised a super son beatiful girls. Misty is a credit to that love and nurturing you so freely gave. Thanks for the love you gave me as you helped me raise my son. You were the first to see him even before they cleaned him up. You touched more life's than you could ever know I am so blessed that God chose me to be your big sister. I have loved you since the first time I held you in my arms, I will hold in my heart untill I hold you again. Thanks for shareing your granddaughter(Roxanne) with me. Generous till the end. I will share what to me you said many times to me. That you did not want any flowers, instead you asked that in Lieu of flowers that donations be made to a favorite charity, fraternal organization soup kitchen, animal shelter or church. I hope you catch the first fish

“ One of the sweetest and giving souls I have ever met and such an awesome friend even though most times she was like another mom to me. I know she and Mike are together once more and are probably at some fishing hole having a grand reunion. I'll see you again one day precious lady, you snagged a piece of my heart a long time ago, until then keep it safe and know that I love you.

“ This lady was an amazing woman to all who knew her! She was a wonderful wife, mother sister, aunt, grandma and a great friend. I was blessed to have her in my life and for her to help raise me into the woman I am today. I am eternally grateful and will always treasure the time we had together. I love you Momma and know you are at peace now with Daddy. You will be missed every day.
