“ *Traci, I am not sure how I never heard this sad news. I heard a song today and thought about Debi and thought I would try to find her. I am so sad. She and I had great times and shared a special friendship. I hope you are doing well. Debi will live forever in my memories and my heart. Bo Ryles*

“ *I just found out Debi's passing today. How I wish this was not true...!!!!!! I can only imagine the devastation and emptiness you all are feeling right now. Just a few years ago, Debi initiated and organized two small get togethers for our Class of 1973...it was a very small group both times; but each time, we all had a wonderful time sharing a meal together and reminiscing about our high school days, cherishing all our wonderful memories and catching up with each other. There was so much love and laughter shared on both occasions. With Debi's passing, we have now lost two classmates that attended those get togethers. We just never know what tomorrow will bring. We all handle grief in our own way, but I do believe that Debi would not want us to cry for long...she would want us to always remember her as the caring and fun-loving woman she was and to carry on with determination to find joy and happiness every day. May God lift this heavy burden and give you the peace that surpasses all understanding.*

Debi and I were dear friends in high school. We graduated together in 1973. I have so many fond memories of our growing up together. She loved some mischief in those high school years and kept us all laughing. She was dearly loved by all that knew her. She was a treasure! Prayers for her family !
