“ Rita and I stopped by for a visit with you today. So many memories were shared with your family, classmates and friends as we visited. In my memory you will always be "Bunny" and my 10th grade Biology Lab partner. We offer our condolences and prayers for peace to your family. I trust the Angel I sent you some years back has been of comfort to you and that you now fly on its wings as it bears you away. Rest now and His Peace be with you.

“ My sincere condolences to all the family. Especially to Danny and David. Delores has been my friend since the early years of our being at Baldwin High School, with us both graduating in 1964. I cannot remember a birthday or Christmas that I did not receive a card from her.....and if I had not called her within a reasonable period of time,,,,,she would call me and tell me she was just calling to check on me,,,,,then we would discuss current times and old times. She was quite a character and my true friend. I am glad I got to talk with her about her illness and her acceptance of what will be,,will be. The last time I spoke with her she was up beat and downplayed her destiny. But I did get to tell her how much I loved her and how much her friendship had meant to me over the years. What a loving, caring friend that I will truly miss. Rest in Peace Delores,,,until we meet again.....
