“ I will always remember Dr. Fields as a loving man, who went out of his way to help me, when my back went out and I was in pain. This pain caused me to lash out at my wife. He told me how he'd been the same way until he had to bury a wife, who had spent her life helping him.

I hope the memories of this good man, will sustain the family in the days ahead.##imported-begin##Gary Frazier##imported-end##

“ There is a quote I have applied to very few people in my life, but it certainly applies to my feelings about Dr. Fields, Jan and Ms. Maggie. The quote is: "Some people come into our lives and quickly go, others leave footprints on our hearts and we are never, ever the same." He certainly left footprints on my heart and I am blessed to have known him and know you all. He healed my body and my spirit and I will always hold these memories dear. Know that I am constantly thinking of you and the children. I am so sad that I never told Dr. Fields what he really meant to me. God is wonderful and when Dr. Fields asked me to help in his office a little last summer I never knew what I would go through. Through the difficult times Dr. Fields was like a father to me - he listened, scolded and even loved on me when needed. I will never forget his kindness, his laughter, his compassion, nor him burning that tree is church socks. I am so thankful to have had the opportunity to know him - he has touched my life forever. Don't ever hesitate to call me when needed. I love you all and God bless.##imported-begin##Melissa Adams##imported-end##

“ I first met Lamar in the 80's. A gentle man and a true believer. He brought hope and kindness to Dale when there was very little anywhere else. (I'll never forget that.)

He would not be embarrassed today to see this written:

2 Cor. 5:7,8

7 (For we walk by faith, not by sight:)

8 We are confident, I say, and willing rather to be absent from the body, and to be present with the Lord."

“ To Jan and Family,
I remember the first day that I met Dr.Fields. What a wonderful day it turned out to be! Amanda was having medical problems and 2 months before her father was tragically killed in an automobile accident. I had taken Amanda to all the best hospitals and seen all the specialists in the Atlanta area, but no one could tell me or explain what was happening to my daughter. One Sunday evening I went to pick Amanda up from Lakeside Baptist Church and this tall, very distinguished gentleman walked up to me and asked if I was Amanda's mother. He then told me that he had an idea what was wrong with her and why it was occurring. I can't explain how that made me feel. It was like I was in a dark tunnel and someone turned the lights on. My light was Dr. Fields! After about 3 months, you could see a big change in her condition, then he started working on me! During that time his family(home and church) took in my family and for the first time i felt like i belonged somewhere. I never told him that, I wish i had. Dr. Fields will always be cherished in my heart and I will miss him dearly. He was a great, great man, and one that i am proud to call my friend. Jan, during this trying time, you and your family will be definitely in my thoughts and prayers. I Love all Of you very much.##imported-begin##Michelle Nixon Bubb##imported-end##

The thing I remember about him most was around Thanksgiving he delivered me and my family a bag of groceries and a fresh turkey.
