“ We just passed the 9 year mark and I'm thinking I still miss him but I feel his spirit among us. I know I could not have kept my final promise to him of caring for Mom without his help from above. Thanks daddy.

“ It has been four years since he was taken to his Heavenly home. The passing of years has made it easier, but it will never be the same without him here. I'm still keeping his memory alive as he was the most kind and loving father a person could've asked for! It helped to once again read all the nice things written about him. Thanks to all for sharing in our sorrow.

“ Gail, you know how much I thought of your husband. He was a great friend and I have fond memories of being in the Christmas play with him. I so regret that I missed you when you visited us that Sunday PM. It would have meant alot to me for you and Elmo to have been in a service and hear me preach. You both have been a blessing to me! You have been in my prayers. Much love,###imported-begin##Beverly McLaren###imported-end##

“ Please accept my deepest sympathies for your loss. The lost of a love one is the most painful experience we have in life. There is a void that cannot be filled. Rest assured the Bible promises we will hold them again and enjoy their smiling faces forever. It is God's purpose that no one dies ever again and everyone live on earth in Paradise. God never wanted anyone to die but to live happy healthy lives forever on earth. We have to exercise faith in his Son, Jesus Christ, to gain these blessings. God gives us his Word so we can gain comfort now and have hope for the future.###imported-begin##Marquell###imported-end##

“ Sad to read in the Telegraph today of Elmo's passing. I worked with him at Yara in the '80's and considered him such a wonderful gentleman to work with and for. He was always happy and strived to make others that way. Had not seen nor heard from him in many years, but I did think of him often through the years. May God bless the family during this sad time.##imported-begin##Barbara Page##imported-end##
