“ Frances was like my second mom as a young girl. Her daughter Debbie and I were best friends. She taught me how to drink coffee. She would pour it in her saucer and sip it. She bought me my very first Chick-fil-A sandwich! And I would spend Saturday "shopping" with them and Sundays were always at her mom's. She was always so kind, sweet, generous and so funny. Rest in peace sweet Frances.

“ I meet MS Fran at the home she stayed at. (Amicus senior living) She was such a joy to work for, not a day went by without hearing her saying how much she loved us. Sitting outside on the porch listening to her talk about her grandfather, grandmother, mother, father and children was such a joy. She would make us laugh, I'm so glad I had the chance to work with her and know her, such a lovely lady. I loved her AS BIG AS THE SKY. You will be so missed. Peggy and Gwen

“ I had the pleasure of being a caregiver for Ms. Frances. Ms Frances was unique in her own. Not a day passed without her telling you how much she loved you. She was always happy and wanted the people around her happy as well. Ms Frances was so family oriented. She loved her children and talked about them often. This is really a heart pill to swallow because the people you care for become your extended family. Ms Frances you are missed and I want you to know that Love you as big as the sky. Take your sweet lady, your work down here is done..Until we meet again SIP... Love Always, Sonja Butts 🙏❤️🙏

“ Frances was ALWAYS such a blessing to me, all the way back to Rock Cut and at Way of the Cross. She always had such a sweet, genuine smile and made sure she always got to speak to me and my family and give hugs. Many memories, she will be missed but so thankful I know she's with the Lord, I will see and hug her again.

“ I didn't have the opportunity to know your beautiful mother, however I've had the pleasure of working with Debbie at Forest Park High School. The caring spirit that took care of her mother is what was displayed at work. May your mother Rest In Heaven.
