“ *To the Grimes Family,
I have so many fond memories of Dr. George Washington Grimes, III. I thank God for men like him who cared for his patients genuinely. My last visit as a patient with Dr. Grimes was in 1983. Of course I had made contact with him since that time. On this particular visit, I went to his office because I thought I was having migraine headaches. Once my exam was over, Dr. Grimes wrote me a prescription for Fioricet. He sat down and looked directed in my face and said "this is your last prescription. What you need is to get back in school and start your career." He was right. That's exactly what I did. Thanks to words of advice from Dr. Grimes and so many others like him, I have enjoyed a career as a RN for more than 30 years. Nothing happens by accident. It was no accident that I went to see him that day. I thank God for sending people in my life who have had a powerful impact. Family, may God continue to keep you in his care, hence now and forever more.*

“ My condolences in the loss of your dear loved one. When our loved ones die it pains our hearts. Our loving God Jehovah is aware of this and he comforts us by means of his word the Bible. Psalm 68:20 says; The true God is for us a God who saves; And Jehovah the Sovereign Lord provides escape from death. Also 1 Peter 5:7 says : While you throw all your anxiety on him, because he cares for you. May these scriptures bring comfort and calmness of heart to you at this time of bereavement.

“ To the Grimes Family: I am sorry to read of your family's loss of someone whom you loved so much and I extend my sincere condolences to all of you. May your prayers filled with sadness be heard by the " Hearer of prayer" (Psalms 65:2) and allow you to dwell on Jehovah God's promises to "remove death forever" (Revelations 21: 3,4). May He give your family the comfort as well as endurance as you experience this difficult time in your lives.

“ Dr Grimes was a wonderful man. I was one of Dr Caultons patients and one of the first patients when they opened their practice. As it turned out Dr. Grimes ended up in the delivery room and he helped to bring my daughter into this world . He was so sweet and kind but he made me wait to have her until the Braves game was over at midnight, we were in the playoffs that year. He will be truly missed by many. My prayers are with your family . And I know he is now dancing in the Pearly Gates with his wife and is smiling again!

“ I went to see Mr. Grimes on a Saturday afternoon, about a mortgage that a coworker had began with him , I was so impress to come meet with him driving about 125 miles one way from Atlanta to his residence. After introducing myself to he and his sisters I remember as we set down and the first words out of his mouth was something I will always remember, "I am impressed that you were willing to come see me when you could of just sent email," What he didn't know was I was the impressed one as we talked about life its meaning ,etc.

Truly he will be missed I wish I could of gotten to know him greater, but God had a plan but I can only imagine that Mr.Grimes touched many that came by his path.

Rest In Peace my Brother.
