“ George Anna was a dedicated, dependable media colleague. She was our geek when it came to technology. I climbed under many tables with her chasing cables & making connections. As Marcelle mentioned, she was a good travel companion & we shared lots of fun learning adventures. We always enjoyed her stories of helping Ed build airplanes and then flying in them. George Anna will be remembered with love & appreciation.

“ Georgeanna and the other Media Specialists and I made many trips to Jekyll Island for Media Specialist conventions. She had a memory like a steel trap. She always knew by heart the directions to where ever we wanted to go. She was always a steadying influence and the voice of reason for me. If I had a problem at school or needed help with our media program, I knew she would have answer. I'll miss her greatly!
