“ Sorry to her about Guy passing, he was a good old boy whom I loved to talk too. When I meet him for first time down on Prosser Rd hauling timber, seemed like I had know him all my life. He would see me pulling out early in the morning, got my number off my sign and would call me to see what I was up too that early. A few days later called and purchased a heat pump system from me. I ask why he chose me, he said I really don't need one , but my wife wants one and you are my kind of guy. Praying for the wife and family. RIP my friend guess we have to ride them motorcycles in heaven!
