“ I worked with Jimmy at FSCI when he taught the Electrical program. He was one of the friendliest and sincere people I had ever known. I was so sad to hear of his passing. The vocational department consisted of several instructors who wanted to make a difference and did so for several years. So many went through his program and were much better for it. RIP Jimmy, you were also a great friend and I am so glad I knew you. I am so so sorry for his family. I know y'all will miss him.
