“ My family was very saddened to hear about your tragic loss. Your father and the entire Williams family has been taking care of our family since 1972, and we will be forever grateful for all that he and his family has done for us in our time of sadness. It always was and always will be a comfort to know that if something happens to a member of our family, it only takes one phone call to "Williams" and everything will be taken care of from that point on. Please accept our deepest sympathy and know that we are all thinking of you during this time and wish we could do for you all that your family has done for us. May God bless and watch over each and everyone of you during this time.##imported-begin##Misty Ussery Miller##imported-end##
