“ John was a brilliant man that had disease cause him to deteriorate. He loved animals and played with my cats and animals. He would help me feed them and give scraps of food to them. His barbeque was great, his stew could not be beat and his boiled peanuts were excellent also. He was hard to get to know and somewhat a rambling soul through the years. He would take off when he felt like it and no one would know where he was. He had been a soldier and I am sure thee was som negative to that but I never heard that from him. King waS about as close to you as anyone could ever get. I know he will miss you. Chris remembered you being in the military and some of the stories you told him and Kevin. We all hope you rest in peace.##imported-begin##Gail Cummings##imported-end##

“ Dear Dad,
If I could go back in time....
I have always loved you and admired you.
You were always a brilliant man.
You were also a man that even though we had been apart for some time, it was natural to call you dad. I am so glad that we got to spend some quality time together. I will love you forever.
