“ I wish I had the right words. Know that I love you with all my heart. You were always there for us, you family, when we were in need. You are so dearly missed, but we know that you are no longer suffering from the horrible disease of Alzheimer's. Give our daughter Kim a hug and kiss for us. Rest in peace my love.

I'm at a loss of words right now, all I can do is do is look back at all the fun times we had together and all the meaningful talks as I was growing up. No matter the situation, even if we didn't see eye to eye you still supported me through the thick and the thin. I just hope that i can one day pass the things you have taught me and be as good of a father and grandfather as you were. Rest easy

Christian, Your Grandfather taught through example. I have known you long enough to know that you will keep that example in mind, as you make the decisions in life, that will influence your future..RIP John, your work on earth is done.
