“ To the family of this young man,
May your memories keep you strong in the following days, months,
and years. I lost my 26 year old son a year ago and he had a
contagious smile like this beautiful young man. My thoughts and
prayers to each of you. As a Mama each one you notice strange
things, smells, Cardinals, and dragonflies you will feel his presence
and know he is still with you.

With deepest sympathy,

“ *I grew up with him as my step brother. My favorite times included throwing a football around with him and playing as soldiers/nurse type of deal. I always loved when the teachers joked about us being twins because I looked up to him a lot and loved having him as a step brother. I can't believe that I am hearing this happened and it's really hard to process. We've been out of touch for a while but I just always assumed we would have time to catch up at some point. Now it won't happen :(You will be missed. RIP. Love you always.*

“ There is not just a single memory I can share. He was so full of life. I got to keep him when he was just six weeks old, for a week, while his brother had surgery. We have enjoyed the corn maze a few times. And if you ever need someone to lick a bowl while baking a cake, he was that guy! This is still not registering that it's real! I love the light in his eyes when it comes to his kids, siblings and parents! Family was everything to him. You will never be forgotten. I love you buddy RIP!

I have so many memories of Jonathan. Loved it when he came over to my house and hung with Jennifer and playing guitar here and singing and laughing. I will hold those memories in my heart always. Love and prayers to the family
