“*Derrell was one of the first people I met when I started working at Grumman 31 years ago and has been a constant person to whom I could talk too and get advice from ever since I worked with him in the freezers on the hill. Losing him is like losing my brother. I will always remember him as a wise and thoughtful man to whom I could look up to.*

“ My heart is broken for the loss of such a great cousin. As children we had some great times. Although we lost contact as we grew up, like all cousins, we still remained close friends. You will be greatly missed by many. My prayer for the family is for peace, comfort and strength to go through the next days, months and years. I am sure there are memories galore, that will keep him alive in your hearts. Much love to all of you.
