“ I have been dad's main care giver since Mother passed away. He tried to be very positive with the cancer. It changed him a lot - not only in looks but in personality. He was very humble and caring. He learned to voice his love and emotions for people. I am at a great loss right now. I know my life is supposed to go somewhere but I haven't figured out what I supposed to do without him and what I'm supposed to do with myself except honor all his wishes and complete things that needed completing. This book will be open for the next year so please come back and let him know what you are up to. He is already greatly missed, but he expects all of us to go on and complete our destiny in life. Love you daddy with all my heart for ever and ever.##imported-begin##Debra Austen Waters - Middle Daughter##imported-end##
