“ To my Mil (my nickname for my Mother in law) thank you for loving me as your own, thank you for being an ear to listen when I was frustrated and a shoulder of support, for giving me advice even when sometimes I didn't want it, being not only my Mil but my friend. I couldn't have ask for a better Mother in law who kept me on my toes and made me laugh with your jokes and stories. This is the first time you've ever made me cry in almost the 20 years I've been your daughter in law. I will miss you greatly and love you always.

Karen, you were a close friend and I genuinely loved you dearly. I loved our talks and plans to visit Ireland one day. I wish we could have made that happen. When you would visit we would sit up and talk most of the night. There was never a dull moment with us. We shared many of the same friends and my girls thought of you as family. Your love for your boys and “big” Paul was always a choice topic. Your love for them was always evident. Always! Their families too. The last time we talked you asked me to come live with you, so we could take care of each other. Although it wasn't an option at that time, it did warm my heart. You always warmed my heart. You had such a big heart. I'll miss you greatly and hope to see you again someday. My deepest condolences and prayers for your family
