“ Sorry to hear. Also sorry Sally and her family never wanted to meet or support the 1st grandchild. Caused hurt, stuggle, and a child to question why her dad and his family were never there. But you missed alot of good times as well. My only thought is that Sally thought of that before leaving.##imported-begin##.##imported-end##

What a horrible person you are to make a comment on her funeral page. Any one who knew her knew how much she loved her forest granddaughter Haley. Any one before that we have no clue. I am sure we heard lots of rumors but no one wanted to take a test. So please move on with your wonderful life and your wonderful daughter that should know when she chooses to sleep with someone it's on them to take care of the baby not the “grandparents”.
