“ Sunday it's gonna be 7 years you've been gone grandpa. I miss you. More than anything. And I know rn your not very proud of me , I'm trying to make you happy but I can barley make myself happy anymore. I love you more than anything , Sometimes it gets easier but when it gets closer and closer to the date I get bad depression. I wish I could just bring you back. I love you.

“ I have known him since 1980 I was a young mother and while my husband was at work they let me hang out at their home til midnight when he would get off and so during that entire time we would play spades. We became a family. He always watched out for me and my baby girl Marie Ramage Pettigrew. I once took him a birthday bouquet and put it at his door when he wasn't home he was truly surprised. He will surely be missed.

“ Cockroach was one of the good guys, had a one of a kind humor, once told me; when I first saw you I didn't like you but now I'm glad I got to know you, your OK in my book, was just as serious and I have never forgot that moment. Will miss him and his visits to John Deere service, ride'n his mower down and saying, give me a ride home on one of dem rtv's and call me when my mower is ready. RIP, luv ya man.

“ I remember him as kind of my "protector" at cowboys... whenever there was some creepy guy stalking me, he'd let me sit in the dj booth. He will be dearly missed, but I am so thankful that I got the opportunity to cross paths with this great man...
