“ Vivian I have tried to write to you several times but I just want you to know how Kim talked so lovingly about you and the girls. She had bought one of the girls a talking toy phone. She was so excited and couldn't wait to give it to her...after 12 hours I wanted to play with the phone I loved and cared about Kim...she was a great friend! My prayers go out to you and the girls during this sad time. Love Debbie Hamilton
