“ *Nick, we are so sorry to hear of Leona's death. We did not know it until tonight when I saw it in the Eatonton Messenger. We saw cars at your house and just thought your children were in for a visit. We are so very sorry. We are here for you if you need us. You and your family and her mother are in our prayers. Please, if we can do anything for you, let us know. Mike, Sandy, Johnny and Jan were all shocked when we read the paper. We feel like bad neighbors.*
