“ I also worked with Linda at the hospital. She was one of the best Unit Secretaries ICU ever had. We became friends and she was always trying to convert me to a Witness and I love her for that. I will miss you Linda, you made a difference in my life.

“ Linda and i worked together at the hospital. She was a very kind and generous person. She had a wonderful sense of humor. I will never forget the time she bought a car. She didn't have her driver's license and I helped her practice driving and drove her out to the Dept. of Transportation to take her road test. She was very nervous, but passed the test and was so happy. Driving her own car gave her freedom she had never had before. I will miss her alot. My sincere condolences to her family.
