“ Linda was my Mom’s best friend when I was a little girl growing up. They both worked at NASA, and lived in an apartment building with another lady they were very good friends with, Ginny Abbott, and her three boys. Together these strong women helped to raise all of us, and they were inseparable for a time.

*I still remember staying overnight at Linda’s place (she was our neighbor) and making peanut butter fudge.*

*I’m so glad she was in my young life. She took us “down home” to Adena OH to see her parents and her sister’s family several times. It was there that we learned how peaceful the mountains were, and how close knit a family can be.*

“ Aunt Linda loved to cook and bake, loved her family, loved her dogs. She was always leaning toward the next funny description of something. She laughed heartily and made others laugh. She told us funny stories about her husband and all his projects that she would loyally support him in, including a “secret bbq sauce” food truck they ran for a while. She was creative, artsy, and skilled. She contemplated life and reset her perspectives all the time. She put God first in her life and encouraged us to do the same. There will never be another one like her. 🌸
