“ *I grew up near Lynn from the time we were 7 until we turned turned 12 and lost touch. We played like little children until we turned 12 and hormones started to changed. I'd chase her around like I was going to kiss her but she always got away. Finally one day she didn't run and she let me catch her. That scared me to death as I didn't know what to do. We moved away very shortly after that and never did get that kiss. That was 1967.*
