“ I just found out about your passing Mike and decided to look at obituaries 'just to make sure' and see it has been 3 1/2 years since you passed! Wow, it's not that we never thought about you, it's just not working at the post office since 2010 and not seeing you on a regular basis even since then! You were one of my favorite customers at the window! We called you the bird man and had so much fun when you came in to ship your birds! You will be greatly missed and thought about often!

“ RIP My amazing Uncle. I can't stop thinking about you and how we just laughed and laughed whenever we were with you. We saved all of your messages and we listen to them over and over. You were so special to all of us. It is so hard to believe that we will never see you again. I will never get those wonderful phone calls from you that made my days so much brighter. Thank you for loving my boys and teaching them to ride quads, fish ,drive (even thought they were only about 12..haha) and just spending time with them. They cherished every moment of it and they all loved you. You had many tough times but you fought hard and spent the last two decades living the life that you always wanted. I take comfort in the fact that you were met in heaven with open arms by our wonderful grandmother. And Nanny too!! We love you and miss you and will never forget you. You will always have a special place in my heart. NUMULUM. Keep Grandma laughing...until we meet again.....

“ Yankee Mike you taught me a lot when it comes down to flying Rollers, you was a friend from day one and will give anyone the shirt off your back and for some reason it didn't fit you will go out and buy one. R.I.P. Garry Fuller from Columbus Ga.

“ Wow where to begin...I met you the summer of 95, you never met a stranger I felt as if I knew you when I met you..Always happy always smiling I can only think of a few times you were down but never let it show for long...My daughter had that knack too and you two would play it out till yall couldn't laugh anymore..Mike I will never forget the kind heart you had and shared with so many people and families because you were so full of joy..To the family of this Man, I sure hope you knew what you had throughout your lives because I know that if I had him all of my life I don't believe I would have ever gone without receiving the generosity that he gave with all of his heart, not just help but with the love of a thousand Men....Mike I sure hope you got to tell my daughter Devin, your hot dog Harriet, Brenda broom girl (he called her that just to make her to laugh because she ate hot dogs all the time and was always sweeping the floors at Terrys One Stop) that you know I love her and miss her with all of my heart just like I'll miss you Mike...I Love You My Old Friend always~~~<3
