“ I am so blessed to be given the opportunity to share a true friendship with such a beautiful person. I met Cindy and Shane approximately 17 years ago and we became friends immediately. They have been a support system for me through some difficult times and I've developed a love for both of them. We've had some fun through the years and have stories to tell and some that shouldn't be told. Cindy, you are in my heart and I'm here for you. I love you,

“ Cindy, Kathleen and I are so sorry for your loss. Shane was one of a kind. He helped so many people for so long. Over all these years I've appreciated his patience and his humor while he dealt with all our techno-stupidity. And I'll miss seeing that "Not you again!" look he'd give me when I came to him with a problem, just before he'd flash his big smile and ask how he could help.

“Cindy, my heart is breaking for you. Shane was one of my favorite people during my years at GCSU. I could always count on him to cut through all the garbage and get done whatever I needed. I know your years together will bring you wonderful memories as you move through this process of grief. I have missed seeing you since you left GC.

“Shane was one of the best people we had working at Georgia College. I've been here for awhile and I can remember when he and Ed Boyd were pretty much it in terms of an "Information Technology" unit. Shane was easy to work with, friendly, and always willing to go out of his way to help you out with a problem. He just had a great personality which I know is something people often will say, but in Shane's case, it was definitely true. He will be sorely missed.

“ *The passing of Shane just grabs my heart and squeezes it so tightly, making my heart hurt. You know it's coming, but it hurts no less. I am so thankful Shane stopped by the office in June to say hello and to let me know it was his last day at Georgia College. He did this with many people on campus. It just goes to show how kind, thoughtful, and friendly he was. I will miss his "darlin'" as he addressed me when we spoke from time to time. I was never offended by his term of endearment. Shane knew his stuff. I respected him and his knowledge. There will never be another Shane, nor should there be. He has been missed since he left Georgia College. Cindy and family, I am so sorry for your loss. He always cared about you.*

I will miss him.

“ I am glad that I was able to work with Shane. Sometimes you meet people and realize you can stop and learn more from that individual than 100's or 1000's of other people you have met. Shane was one of those. I thought to myself I will never figure out how to communicate with this guy. Then Shane shot real straight with me and spelled it out real clear. He was such a great guy and easy to communicate with as long as you were straight with him. I miss working with him. He was one of a kind.

“ I think I may have served Shane and Cindy a thousand times. Through those times I learned the love they shared for each other which is one that spans lifetimes and generations. Shane had a beautiful soul that lived not only for Cindy but for anyone who had a bright smile, spoke with beautiful words or simply gave him the time. I got to know them over many years and I cannot say they were anything more than loving and wonderful. Shane will be missed very dearly by so many. I do not believe he ever met a stranger, he loved so many but most of all Cindy. I love them both so much.
