Baby girl you were definitely a bright light in this world. You've definitely left your mark here on Earth . I always admired your tenacity for life despite what it dealt you . We had so much fun when you came to stay with us in Tennessee that summer . I also will hold the time we spent together after your graduation dear to my heart . I feel as though you'll always be famous for your ability to give us all huge belly laughs. I love you baby I'm gonna miss you HUGE along with so many other people ❤️

“ Morgan,

Baby girl you left a real mark on this old world. There are so many people who have been touched by your life. You've always brought a light into any situation you encountered, a lot of belly laughs, and the realness of unconditional love . We had so much fun when you came to visit us in Tennessee that summer. Everyone who met you from our neighbors, youth group, and beyond just fell in love with you. I mean how could you not? I've always admired the courage and tenacity you had to live despite your circumstances. Thank you for the time you spent with me after your graduation. I'll cherish that forever ❤️

*I love you kiddo ,

“ Morgan ,
Oh what a mark you left on this old world . You were definitely a
light with any situation you encountered and the life of the party !
With me having you in my presence always brought me the biggest
“ belly laughs “ . I’m sure many can relate to that . I will never forget
the summer you came to stay with us in Tennessee. We had so
much fun that summer . Everyone, from my neighbors to the youth
group ,and beyond fell in love with you . How could they not ? I was
always so proud of you for not letting life define you but living
outside of your circumstances . You had that courage and tenacity
that you couldn’t help but admire . You will be missed by so many . I
love you so much kiddo .
