“ Dear Cheryl,

*I can't express how heart broken I am to hear of Phil's death. Intelligent, dedicated, witty, hard working...just a few of his wonderful traits that poured out to anyone he came in contact with. I really enjoyed working with Phil at ORMC...he was a mentor and friend and full of encouragement when "the chips were down". He helped make so many lives better through his comforting and reassuring ways as a Nurse Anesthetist. I often reminisce about the days in the O.R. and what a great group of people we had. My very deepest sympathy goes out to you and your family. May God help you all find comfort in such a difficult time.*

Much Love,

“ Cheryl,  
You know that you and your family are very dear to me. I can still remember when you entered our lives in our 8th grade French class. I got to work for your mom Hilda in high school and your father, aunt and uncle always made me laugh a lot. I have been an anglophile ever since, and every time I go to Britain, I think of your family. Philip always made me feel at ease. He was amicable and easy going with a "live and let live" attitude. Yet he was driven and goal-oriented at the same time. He was an admirable person and I only have fond memories of him. Anyone would have been lucky to have had him as a friend. I know that your pain is great, and nothing that I can say or write can lessen it, but please know that you are not alone in your loss. My condolences to your entire family.##imported-begin##Carlos Hernandez Rubi##imported-end##
