“ *Deepest sympathies to Ruby, Lakesha, Kim and family from Sheri and I. Preston always greeted you with a smile and a little chuckle (except when he was trying to arrested you as a prank). He was well known as a great cook and for love of his family. He will be sorely missed. Rest in peace my friend.*

*Our hearts go out to the Youngblood family.
Preston was a special man. He always had something positive to say when he was talking to people he met.
His faith is what really stands out as he lived what he believed.*

“ Loved me some Preston. He was such an awesome cook. He would cook and bring us lunch to the OR. We couldn't wait to see him bringing all the great food in. Best memory was when we asked him to pretend to arrest one of our new nurses (Gary). Preston played his part to a T! Prayers and condolences to Ruby, Kesha and Kim.

“ Preston was always ready with a smile and a laugh. He cooked an amazing breakfast too. I shared a few of his meals at Plant Branch. Many times I would walk through the machine shop and hear his smooth voice singing a song. It always brightened my day. I'm praying for his family. Ron Hobbs

“ So long good man of God and good friend to me and humanity. Known him for years, though not seen too much as time went by. He never changed, always smiling, laughing, and singing. That is the way I will remember him. My condolences to his family, especially Jimmie. May he remain in their hearts forever.

“ Preston and his brothers loved to play basketball and we played many a games at Central State behind the Veterans home. When they opened up Walter Williams Gym Preston was in charge. Tony Humphrey was my Larry Bird and together we played hours and hours of basketball. Well when Tony and me get to the Gym there were a number of teams waiting to take on the winner. When Preston sees us he had just won the game on the front court and he immediately asks who's got the down? When a young guy speaks up Preston says Boo Boo Tony and Mister Newton is on your team. You see we were the only white players in a gym full of black guys and besides the fact that we played against Preston alot I felt he respected us for being there. As everyone knoes Preston was huge and we loved playing against him and hus brothers. I remember telling him when he just bumped me across the court that I had a tire tool in my trunk if he kept that up. As was said he was always smiling and did what he could to make you laugh. He was easy to love and he will be missed.
