“ John interviewed me 1 week after retiring from the military. I had applied for a entry level officer position and he saw some kind of potential. John offered me a position as an account manager for a paper mill. I didn't expect that. Months later I was offered a government position, but John helped me make a decision to advance my career in contract security. He mentored me daily for over a year and I always learned something new when speaking with him. I will always appreciate John for everything he did for me and he will be missed greatly. My condolences to his family.

Thank you John and family for your service to our country.
