“ I first met Richard when he came to Washington at the early start up of the Federal Law Enforcement Training Center in the 1970's. He was an honorable man and over some 25 years gave much to the development of new trainees in Federal law enforcement in various teaching and supervisory roles. I remember him in many positive ways and regarded him as a friend and colleague. Many of us at FLETC felt similarly. He always had the trainee-student foremost in his work.

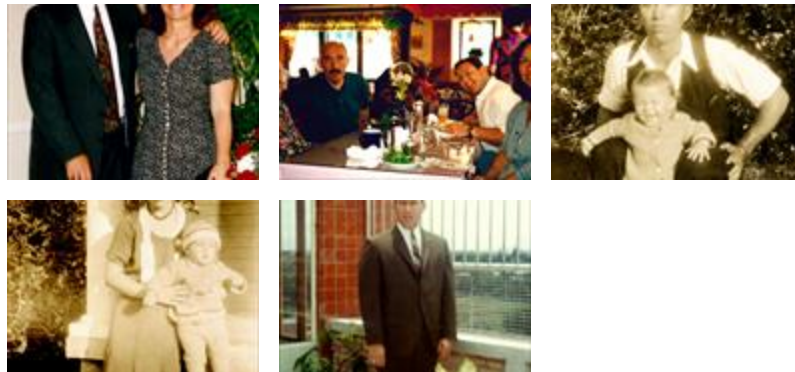

*My great sympathy to his wife and family. He was a man of courage.

“ *Dianna,  
We are sending our love and our condolences to you and John and family. Richard was one of the most interesting people I ever met - it took me a minute to understand that underneath his gruff exterior was a lovely, caring and faithful soul.  
I think of you often - especially when I see the print of Lord of Life that Richard made which hangs is our home. It takes me right back to the days when you lived on SSI and Christy worked for you.  
I hope that you will take comfort in knowing that Richard is safe and content in God's arms. And that your old friends are loving you from across the miles.
