Bobby, you are now at your final resting place. You may never have realized it but the Big Man in Charge up stairs had those pearly gates open and ready just for you. So enjoy all the fan fair now because you start to work on Monday!!!!!!

Just learning this now, August 23rd! My heart breaks for my brother. They say blood is thicker than water. Well, I would be the first to say that is not true! But for Bobby and me, we were not brothers by blood, yet we were and the blood ran thick! We grew up together. His mother and mine were the best of friends. So much history flooding my mind. Time or distance could not break the bond we shared yet distance made it very hard between NJ and Georgia. I will miss your voice, your laughter, your amusing commentary, our private understanding. Most of all, I will miss your comforting presence despite those damn miles that separated us. Bobby my brother, I will see you soon. We will swing once more from the tree rope into that secluded Lebanon NJ Pine Barren Lake, the one in heaven and we will listen and sing to an 8 track player in the car playing Seals and Croft...I love you Bobby!

To Kevin Reed: I asked the Williams Funeral Home to reach out and share my contact information with you. Call me.

“ I am so very sorry for the loss of Bobby. I worked right beside him for years. Not only was he my coworker he was a great friend. I am so blessed to have known him as well as I did. No matter how bad I was feeling or on the days that I was down , he would make me feel better in no time. When I was down he seemed to know just how bring me up. Every time I saw him he would give me a great big Bobby hug. We could always talk to each other about anything. He was that trustworthy and I didn't have to worry about anybody else ever knowing. I didn't get to see him a whole lot towards the end of his precious life , but I know that he was one of the best friends I have ever had. Will always have him in my heart. Until we meet again. Love ya Bobby.
