“ Une armée marche sur son estomac; Napoleon Bonaparte. Robert new the importance of the relationship of nutrition and the performance of the Cadets. Everything he did was to help them perform to their max potential. As Fred Eaton said Robert's support to MSD Cadre and Cadets was always done to standard. God Bless. LTC Jay Hallam PMS; 2006-2009.

“ Robert always had the Cadets in mind. I can remember countless field exercises where he provided the best food and anything else we requested to support ECP Cadets during their training at GMC. Truly a remarkable man who will be missed by all those lucky enough to cross his path. A true friend.

“ My condolences to your family, Nancy. Thank you for keeping me updated about Robert's condition during our Wal-mart chats over the past few months. During Robert's (and your) tenure here at GM, there are few who passed through GMC's gates--students, faculty, staff, visitors--who did not benefit from the effort you guys put into making every "edible" activity delightful.

“ *Robert was one of those folks who held GMC together while we were struggling financially. A wonderful man who led by example and was not afraid to get his hands dirty. I never heard him complain even when I'd bring the coolers back a day late or show up looking for golf team food five minutes before departure. He was a good man.*
