“ I didn't know Sandra as an adult but I know in my heart that she didn't change from the kind, sweet, beautiful soul that I knew when she was a young girl. My heart breaks for her family. All of us would do well in life if we could live more "Sandra" like. Rest in peace, sweet girl.

“ I feel so blessed to have had someone as special as Sandra in my life for so many years. She was a good friend always there when you needed her and always wanted to do something to help someone else even when she wasn't able to do it. She loved her family to pieces and I know they're going to miss her so much. My thoughts and prayers are with the family, I know the Lord will give them the strength to get through this difficult time and for you my friend Sandra I told you I'd see you later, so later gator!

“ My heart is so broken. Sandra was one of my dearest friends. She loved to smile and it would light up a room. She loved and cared for her family and friends so much. I called her one morning to go to the race in Atlanta and she said yes right away. It was a cloudy and chilly day but we had the best time. She always wanted to please everyone. I love my dear friend. Praying her mom can feel Gods loving arms around her and that He gives her and the other family members and friends comfort and peace in the days ahead. Love to all of you! “ *Sandra was one of the very best friends I've had in my life and we've known each other since 1974 we were probably more like sisters and we stayed in touch with each other constantly. As sick as Sandra was she always wanted to fix everybody else's problems that's how good of a person she was she had a big heart and she will be forever in my heart. She truly was a family person loved her family to death. My thoughts my love and my prayers are with the family and I will continue to let them know that throughout this tough journey may God help them through it! I'm going to miss you girl*

“ *Lois and Family I am so sorry to hear of Sandra's passing. We worked together at Central State. We became good friends and of course after retirement we drifted apart. You all are in my thoughts and prayers.*
