“*Joye, I am so saddened to hear of Steve's passing. He was the kindest man I ever met. The work you and he did helping so many children was so wonderful. The kindness and love and help given to those children will never be forgotten and be passed on to so many. I know he will be missed so much but he has left a legacy that will be remembered by so many.*

“*Joye, I am so sad to hear of your husband, Steve's death. I pray that God will give you and your family strength to endure the days ahead. Knowing you through our Master Gardener class was such a treat. I always marveled at the support and encouragement Steve gave you in your gardening efforts. You were both a model couple. God Bless. Barbara Robinson, class of 2010.*
