“ *Since I was 9 years old, Sister Thelma has been a constant in my life. These past few days have given me the opportunity to reflect on her influence in my life. To know her was to love her. She was an important part of our neighborhood and our faith community. Marcus, you will continue to be in our prayers. These are the difficult times when our testimonies of the gospel of Jesus Christ become the most important. We know the truths she knew, and we look forward to that glorious resurrection with her and all that have gone before us. Each of us are better because we knew and were loved by Sister Thelma.*
