“ *Growing up Tommy and I were more like siblings than cousins. From combined birthday parties to Bible school and being taught how to swim by Aunt Eloise, we shared many milestones together. Countless family holiday gatherings, Mt. Nebo homecomings (including the time he split his pants and had to wait in the outhouse while they were being sewn), horseback riding, family dinners at the boarding house, and fishing are a few experiences I am grateful that we got to enjoy together.*

As we got older and our lives grew apart, we still tried to keep in touch by calling on our birthdays. I am comforted by these cherished memories and know that I will one day be greeted with a "Hey Cuz" and a big bear hug again.

Thoughts and prayers for our entire family.

“ *Today I shall share a favorite memory.
I met Tommy the first time when I was 18 in 1984, I am pretty sure he cracked a rib when he picked me up and hugged me.
He was a character for sure and I will forever remember his love for my brother Cliff and his contagious belly laugh.
My thoughts and prayers are with our entire family
