“ *Hey everyone, we are desperately trying to raise money for funeral expenses for someone very dear to us. Tonya Robinson recently came up sick with a terrible infection that eventually caused her kidneys to completely shut down and then multiple strokes. Our family spent all of our funds on multiple different hospital stays and hotel room stays as she had to be transported to a hospital in Savannah. Where she lost her battle to this infection. We are only trying to raise enough money to cover her burial and funeral expenses. It truly breaks our hearts to think we might not have the money to cover the funeral Tonya would have wanted. We just want to stay true to her wishes. She's always wanted a nice traditional burial. Any amount will help tremendously and will be greatly appreciated as our family is going through this devastating loss. Thanks so much in advance*
