“ Bill, what a goof you were! Always being silly and making everyone laugh. You taught me a lot and let me help with house projects. You took me to father-daughter dances and were always proud of the things I accomplished. I remember playing who wants to be a millionaire and poker all the time with you and mom. When the hurricanes would roll in you, mom and I would bunker down in the living room until the storm passed. Lots of great memories. Thank you for being apart of my life. You will be missed terribly. ❤️

“ I remember when Billy was born, I was so excited and could not wait for them to come home from California. When they got home I couldn't get enough of him. He was such a beautiful little boy with his blond hair and the cutest smile. He grew up to be such a handsome sweet man always giving me hugs when I saw him. I will never stop missing you. Billy was my sister and brother in law's first child and they need 🙏 and he was my first making me an Aunt. I know i will see him again and will get another hug. I love you Billy., you went to soon.

Love your
Aunt Sally and Uncle Biil

“ Billy, words cannot express how much you will be missed. Your light was extinguished way to early. I know I definitely have regrets and I truly wish we saw you much more. But you will always be my big brother and I love you more then I ever told you. Till I see you again.

Death is the continuation of the journey.
Heaven is a temporary rest.

And a new promise”*
